# HELLO, WE ARE **WHITMEDIA STUDIOS**

**Premium podcast and content production  
space in Durham Region**

Located in the heart of Oshawa, Whitmedia Studios is designed for creators, entrepreneurs, and storytellers, we make it easy to produce polished, professional content, without the stress.

# Our Purpose

At Whitmedia, we're more than just a studio, we're a creative environment built for:

-  **Real Conversations – From solo podcasts to dynamic panels**
-  **High Quality Content – Cinematic results with pro-level gear**
-  **Supportive Production – So you can focus on your message, not the tech**

**400+**  
Episodes

# Studio Equipment

We offer three fully equipped studios with everything you need to bring your ideas to life:

## Lighting

Lights + LED panels

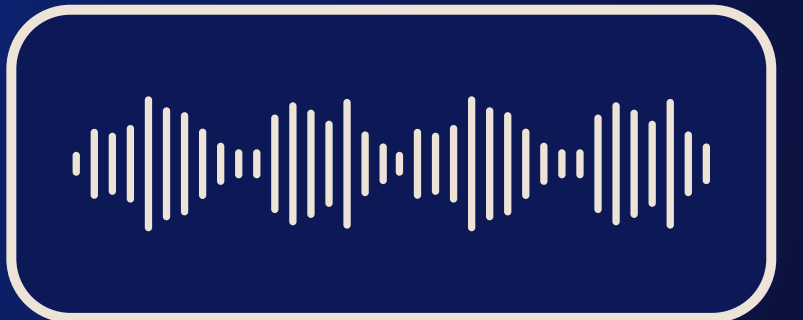

## Cinematic cameras

4K Sony FX30 & Canon EOS multi-cam setups

## Pro Audio

Shure microphones  
SM7B - MV7X

# Our Process

## Simple, Seamless, **Stress-Free**

### Book Online

Visit [whitmedia.ca](https://whitmedia.ca), choose your studio (A, B, or C), select your time, and confirm your session

### Show Up & Record

We'll be fully set up when you arrive. An in-house engineer will guide the recording

### Receive Your Files

Within **3 business days**, we'll upload your live cut files to Google Drive and send you the download link. Need raw or isolated camera files? Just let us know

# Engineering Production Tools

- RØDECaster Pro II: Studio-quality sound mixing
- Blackmagic ATEM Mini Pro ISO: Real-time video switching and ISO recording
- Engineer Support: Always included, always focused on your quality

# Need Full Editing

Want your podcast to sound polished, professional, and ready to publish? Our Full Podcast Editing service is designed to enhance your audio while keeping your message intact. We remove:

- ✓ Long silences
- ✓ Filler words like “um,” “uh,” and “you know”
- ✓ Background distractions or unwanted noises

We can also add your custom intro/outro

**Add-On Service**

# Creators

Here's a look at some of the incredible creators who've recorded with us.

# Recording Formats

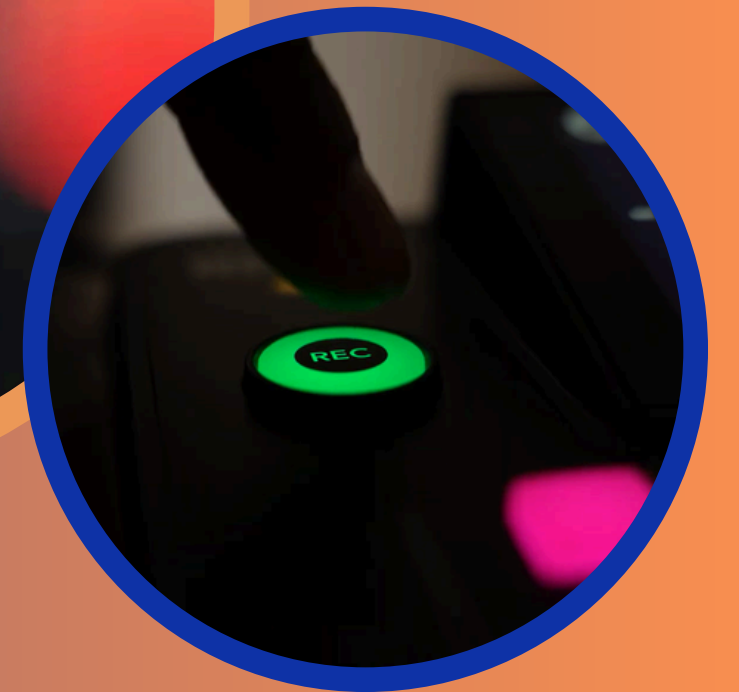

## Your session can be:

- In-Studio (recorded live, multi-cam switched)
- Virtual (recorded via platform like Riverside, Zoom, or StreamYard)
- Streamed (live online via social media or platform)

## All sessions include:

- ✓ Live cut (multi-cam)
- ✓ Clean audio, sharp video and colour grading

Optional Add ons available: post-editing, social clips, ads, etc.

### Podcast Packages & Subscriptions

Book single sessions or subscribe monthly. Batch-day recording options available for efficient content creation.

### Social Media Clips

Talking head 9:16 videos with animated captions, transitions, and effects. Includes strategy call and scripting support.
